Dear Parents and Carers,

RE: Hall Floor update

I am finally able to update parents on the progress of repairs to the hall floor with some good news. I received a phone call on Friday from the architect for Derby Diocese with a commitment to funds for the repairs.

As I am sure you can imagine, this has been a lengthy process and staff and governors have been in regular contact with both Derbyshire County Council and Derby Diocese to try to secure a commitment to repair the damaged caused by the kerosene leak.

This positive news means that we can go ahead and begin to organise the extensive repairs to the flooring, sub floor and heating system which will need to take place over the coming months.

As soon as we have a start date and time frame from the builders, I will again inform parents of process.

I would like to express my thanks to parents, staff and especially children for all of the patience that you have shown during this trying time. Luckily the weather has been in our favour recently and the kind help and support of the local community through the use of the institute hall has enabled our children to continue to experience a broad and balanced curriculum.

Yours sincerely

Mrs K O'Connor  
(Headteacher)
